Unit 1 Christian Education for the 21st Century

Pre-reading activity

Do some research and find the answers to the following questions:

- How many Christian schools are there in Japan? How many Christians are there in Japan?
- What percentage of schools in Japan are Christian?
- What percentage of universities in Japan are Christian?

There are Christian schools all over the world, from Argentina to Singapore, where Christians are only about one percent of the population. They are an important part of the educational system. How do you think it is in Japan today, about ten percent of all university students are students of Christian schools? In Japan and in other countries, how many are Christians?

Unit 2 Globalized Society and the World Wide Web

Pre-reading activity

Interview someone (parent / grandparent etc.) about life before the Internet. How did they like to music, do research for homework, communicate with friends etc. Share what you learn with your classmates.

Unit 3 Glenn Gould, Music and Media

Pre-reading activity

Discuss with your partner.

- Do you like music? If yes, then:
 - What is your favorite kind of music?
 - Who is your favorite musician?
 - What is your favorite instrument?
- NASA sent music to space. What music would you choose to transmit to outer space? Explain the reason; bring the music to class.

Unit 4 Learning Law in the Globalizing World

Pre-reading activity

If you turn on the TV or search the Internet, you will notice that are being settled in the courtroom. What has been in the news recently and report to your class.

Unit 5 What is Economic Analysis?

Pre-reading activity

Find one international and one domestic news article on economics in the newspaper or on the Internet which interests you. Summarize it and share them with your classmates.

Unit 6 Genes and Environment: Nature And Nurture in Biological Terms

Pre-reading activity

Family members often share similar physical characteristics. physical characteristics that two or more members of your grandfather and father, you and your brother or sister share. Explain them to your classmates.

Unit 7 The Role of Technology

Pre-reading activity

- Name three technological devices that you think are most important in making your life convenient and state why.
- What technological device do you think has affected most in history? Why?

Share your ideas with your classmates.

Unit 8 International Cooperation

Pre-reading activity

- Find out about AEC and answer the following questions.
 - What does it do?
 - What are its main goals?
 - What are its main activities?
- How much in Japan depends on other countries for its survival? How much in Japan depends on other countries for its survival? How much in Japan depends on other countries for its survival? How much in Japan depends on other countries for its survival?
